

Proposed Tribal Land Transfer Policy

California Public Utilities Commission – Information Sheet

Commissioner Guzman Aceves and Commissioner Shiroma, through the Commission’s Emerging Trends Committee have proposed a Tribal Land Transfer Policy that will require investor owned utilities (IOUs) to contact tribal governments and under the circumstances described in the proposed policy to provide a first right of refusal to tribes where an IOU proposes to divest surplus real property. This policy if adopted will provide Native American Tribes an opportunity to regain lands lost through bias and unfair means in the late 1800s/early 1900s.

Background

The Commission adopted a Tribal Consultation Policy on April 26, 2019 of this year. The Commission’s Tribal Consultation Policy can be found at <https://www.cpuc.ca.gov/tribal/>.

This proposed Tribal Land Transfer Policy, consistent with Executive Order B-10-11, N-15-19, and the Commission’s Tribal Consultation Policy, is intended to further the Commission’s commitment “to provide meaningful input into the development of legislation, regulations, rules and policies on matters that may affect tribal communities.” The proposed policy was drafted after extensive consultation with a number of tribal representatives, the Governor’s Tribal Advisor, other state agencies, and stakeholders to address concerns that tribal governments have not had a meaningful opportunity to seek return of lands within their ancestral territory.

The proposed policy was first presented to the Commission during the May 29, 2019 Emerging Trends Committee meeting. Historical information on the taking of California Native American lands was presented by Dr. Beth Rose Middleton Manning. Christina Snider, Governor Newsom’s Tribal Advisor also provided comments on statewide policies directed at addressing historical wrongs suffered by California Native Americans, as well as adverse impacts that have carried over and are continuing to face California Native Communities. The Commissioners considered the information presented, the draft of the proposed policy and proposed schedule/next steps. The Emerging Trends Committee was directed to move forward with the proposed schedule/next steps.

The proposed Tribal Land Transfer Policy can be found at <https://www.cpuc.ca.gov/tribal/>.
